REPORT
OF THE
COMPTROLLER
OF THE
STATE OF FLORIDA
FOR THE
Year Ending December 31st, 1905.

CAPITAL PUBLISHING CO., State Printers,
Tallahassee, Fla.
1906.

Comptroller's Report.

Comptroller's Office, State of Florida,
Tallahassee, January 1st, 1906.

Hon. N. B. Broward,
Governor of Florida.

SIR:—

I have the honor to herewith present a report of the official acts and transactions of the Comptroller's office for the fiscal year ending December 31, 1905.

The annexed correspondence in regard to the tax levy explains itself and shows why the rate of $\frac{1}{2}$ mill for General Revenue had to be increased to $1\frac{1}{2}$ mills and why the total millage for State purposes is greater by two mills than for the year 1904.

VALUATION.

The increase in valuation in the past twelve months, amounting to \$14,371,753, indicates the continued prosperity of the State—having increased steadily since 1901 from \$97,551,192.00 to the gratifying amount of \$131,436,593.00. This increase consists of realty, \$9,911,782.00; personalty, \$2,392,408.00; railroad and telegraph, \$2,067,563.00.

TAXATION.

An attempt was made in the Legislature of 1905 to pass a new license law, and had it passed it would have added largely to the revenue from that source, and would have gone a good ways to equalize the burden borne by those paying license taxes; and the failure to enact this measure, in connection with the absence of any franchise taxes in this State, places the burden of taxation on those who are least able to bear it. Other States have realized the injustice of permitting franchise properties and privileges which are conferred by the State, and which produce

4

large profits to their owners, to escape taxation while they are protected by government supported by taxes imposed upon other property. The tax payers of this State are entitled to justice in the imposition of tax burdens. The State cannot afford to permit injustice to be done under its tax levies. The Supreme Court of the United States has repeatedly held that: "Privileges and corporate franchises are property which has value, produces income and passes current in the markets of the world; and that it is a cardinal rule which should never be forgotten that whatever property is worth for purposes of income and sale it is also worth for purposes of taxation."

Capital stock, surplus and undivided profits of corporations have also been held by the United States Court as subject to taxation by the State—and yet we find that capital stock, when assessed at all, is assessed almost invariably at about 60 per cent. or less on our tax books, and surplus and undivided profits, running into many thousand, are never returned for taxation or assessed for its just proportion of taxes, being not "visible property," while the farmer, merchant and real estate owner and other citizens who own property visible to the Assessor are made to bear the burden for the support of the Government that renders equal protection to all alike.

STATE BANKS.

The number of State Banks continues to increase and today there are under charter and doing business in the State forty-four banks with a capital stock of \$2,510,700.00; surplus and undivided profits, \$893,623.40; deposits, \$10,828,458.10, showing the largely increased prosperity and thrift of our people

INSURANCE.

The insurance on State property is being carefully attended to and losses are paid promptly when they occur.

RAILROAD AND TELEGRAPH.

Railroad and telegraph taxes are paid and promptly distributed to the different counties to which they belong, little friction occurring in this branch of taxation.

5

TAX SALE CERTIFICATES.

The redemption and sale of tax sale certificates continues to be handled with intelligence, fidelity and promptness by the different clerks of the counties and is a considerable source of revenue, amounting in the past twelve months to \$128,237.44, \$92,515.06 of which has been distributed to the State and counties, and \$35,722.38 will be distributed during the month of January, 1906.

CONCLUSION.

The several tables and statements hereto annexed exhibit in detail the work of the department and clearly show the financial condition of the State.

Yours very truly,

A. C. CROOM,
Comptroller.

Comptroller's Office, State of Florida,
Tallahassee, July 10th, 1905.

Hon. N. B. Broward,

Governor of Florida.

SIR:—

The Legislature has authorized a tax levy of 1½ mills for general revenue purposes for each of the years 1905 and 1906. The tax levy authorized by the Legislature for the year 1904 was three mills. In an official communication to the Governor on June 20, 1904, I reported:

"The revenues that will be derived during the coming year for general revenue purposes of the State from licenses interest on State deposits, sale of fertilizer stamps, redemption of tax sale certificates, and other sources beside taxation, together with an increase in the property valuation on the assessment rolls of the different counties in the State for the year 1904, will in my opinion, be sufficient to warrant the reduction of the tax levy to meet the current expenses of the State, and to pay the interest on the bonded debt of the State, from three (3) mills to one (1) mill on the dollar for the year 1904, provided the appropriations to be made by the Leg-

islature of 1905 are kept within reasonable bounds and the strict economy now enforced in all of the State Departments is adhered to."

Upon this report Governor Jennings ordered the tax levy for general revenue purposes reduced from the three mills fixed by the Legislature of 1903 to one half of one mill for the year 1904. This levy furnished ample funds for the payment of all demands and on January 1, 1905, there was a balance of \$289,418.32 in this fund, as against \$266,300.41 on January 1, 1904, and \$228,042.26 on January 1, 1903. This balance being very largely in excess of previous yearly balances, justified the reduction ordered by Governor Jennings, and the general revenue fund, containing \$289,418.32 on January 1, 1905, was ample to meet all usual appropriations, including natural increases in State expenses; but the Legislature of 1905 has made a large number of unusual and extraordinary appropriations to be paid from the general revenue fund during the next twelve months. Among them are the following:

State aid to Public Schools, Chapter 5381.....	\$ 50,000.00
Uniform System, Chapter 5382.....	50,000.00
Further aid to Schools, Chapter 5383.....	25,000.00
General Statutes	14,500.00
Traveling Expenses Circuit Judges.....	2,400.00
Reprinting Supreme Court Reports.....	10,000.00
Soldiers' Home	4,500.00
Ass't. State Auditor and Trav. Ex.....	2,800.00
State Hospital Building and Improvements..	40,000.00
Selecting Camp Ground.....	300.00
State Census	30,000.00
Governor's Mansion	25,000.00
Mid-Winter Fair Association.....	15,000.00
West Florida Fair Association.....	2,000.00
Battle Flags	130.00
Deficiency Salary Gov. and State Attys.....	6,300.00
Relief Mattox, et al.....	150.00
Relief of J. H. Jackson.....	62.00
Relief of Estate Pearce.....	485.00
Buckman Bill	75,000.00
Refunding Liquor Licenses, Est.....	15,000.00
Printing Constitutional Amendments of 1903.	12,544.00
Encampment, annually	15,000.00

Amounting in all to the sum of.....\$396,171.00

These amounts and those included in the General Appropriation Bill, amounting to \$472,000.00, make the demands upon the general revenue fund for the next year a total of \$868,171.00, and in my judgment necessitates the tax levy at the maximum figure of one and one-half mills for general revenue as fixed by the Legislature.

I believe, however, that some relief may be given the tax payer in the matter of pension levy, the Legislature fixing the maximum of that millage at four mills when three will probably meet the demands on it for the next twelve months.

Yours truly,

A. C. CROOM,
Comptroller.

State of Florida,
Executive Department.
Tallahassee, July 11th, 1905.

Hon. A. C. Croom, Comptroller,

Tallahassee, Florida.

SIR:—

Your communication of July 10th, relative to the State tax levy for the year 1905, for general revenue purposes and for pensions, has been carefully considered.

The annual report of the Comptroller shows that the disbursements from the General Revenue Fund of the State for the year 1904 amounts to \$616,657.89.

In your communication you state that the appropriations made by the Legislature of 1905, to be paid from the General Revenue Fund for the next year, amount to \$868,171.00. This being so, the disbursements authorized for the next year amount to \$251,513.11 in excess of the disbursements made during the year 1904. The State tax levy for the General Revenue Fund for the year 1904 was one half of one mill and there was a balance of \$289,418.32 to the credit of this fund on January 1, 1905.

If the appropriations made for the next year were not so greatly in excess of those for the past year the tax levy could remain the same as it was for 1904; but the unusual and extraordinary appropriations made by the Legislature of 1905, as shown by your communication, makes it necessary to have more money in the General

Revenue Fund to meet these appropriations. No new sources from which to derive revenue for this fund have been provided by law. It is therefore made imperative that the tax levy of 1904 be increased to meet the expenditures required to be made by the Legislature.

The levy of one and one half mills for the year 1905, as authorized by Chapter 5374, Acts of 1905, to provide for the appropriations required by law to be paid from the General Revenue Fund, is hereby directed.

The increase in the taxable property in the State and the confidence felt that the good people of the State will aid in securing the benefits of the Pension Fund to only those who are justly entitled to it, seem to justify a reduction of the tax levy for that fund authorized by law.

By virtue of authority vested in me by Chapter 5375, Acts of 1905, I hereby reduce the tax levy for the Pension Fund to three mills on the dollar, for the year 1905, and direct that only such levy of three mills be made and collected for such fund for the year 1905.

Yours truly,

N. B. BROWARD,
Governor.

RAILROADS AND TELEGRAPH LINES.

The annexed tables show in detail the assessment of Railroads and Telegraph Lines, made by "the Comptroller, with the assistance and advice of the Attorney General and Treasurer of the State," under Section 47 of Chapter 4322 of the Laws of Florida, as amended by the Act of 1897.

These are followed by statements showing the taxes assessed thereon.
